

HRACUITY®

Coming Fall 2024!

HR Acuity + Workday: *Better Together*

Streamline the way you manage both routine HR inquiries and complex employee relations and investigations.

Here's how it works:

With Workday Help, HR leaders can manage all HR knowledge while employees get the answers they need all in one place. When more complex workplace concerns arise, HR Acuity steps in—ensuring that employee relations issues and investigations are handled with precision and care.

A Seamless and Efficient HR Ecosystem

HR Acuity's integration with Workday empowers you to:

Streamline Incident Management

Optimize the process for managing incidents with unified data across systems.

Enhance Data Governance

Enable a seamless flow of data and insights between Workday and HR Acuity, ensuring comprehensive and integrated analytics across both platforms.

Improve Data Insights & Reporting

Get a clearer picture of questions and concerns coming from employees.

The result? A more transparent, supportive and efficient work environment that not only streamlines HR operations but also ensures that highly-nuanced and confidential employee issues and investigations are handled with the utmost care and efficiency.

HRACUITY®

Welcome to the *next generation* of employee relations.
